Message from Recipient:

"While buying a house is considered to be the most expensive lifetime purchase by most, funding an education comes as a very close second. I would like to thank the judging committee of the Compass Mortgage Group Scholarship for selecting me as this year's recipient. As tempting as a vacation to Cuba may be, this money will be used to pay down my students loans incurred in funding tuition and textbooks. Thank you again for your consideration, and all the best to the Compass Mortgage Group in its current and future endeavours."
